& Club Needs!

Dear Shooters,

The NCTA BOD, the NCTHOF BOD and I wish to invite you to join us for the 113th annual North Carolina State Trap Shoot. It will be held on June 10th - 14th 2026 at the NC Home Grounds in Bostic, NC. Many have given time, money and/or material goods to help with the continued growth of trap shooting on both the state and local level. Thanks goes out to all that load traps, score, cashier, classify, run the computer, prepare the meals and run the shoots all across the great state of North Carolina. You are all vital to a successful trap program in the state. I would also like to thank all the youth coaches and parents that are working with our youth shooting program. We cannot thank you enough.

We will be using a maximum of 17 PAT traps, Canterbury voice releases and White Flyer targets. A 100 targets per field will be utilized. Our target setters are unchanged and we will offer the best targets possible within the rules. Trap assignments will be determined by the roll of the dice prior and the first three flights will be posted on the squad board. If you are not on the first three flights, I suggest you check with myself or the person running the squad board to make sure of your trap assignment. When squadding please fill in squads so that you are shooting on a 5 person squad as the ATA rules dictate. To make sure the shoot runs in a timely manner please limit time between boxes to 2 minutes.

With over \$10,000 dollars in cash and trophies available, there should be something for everyone. Check the program carefully for added options, open trophies, resident trophies and non-resident trophies. North Carolina sub-juniors and juniors who have met target requirements for 2025 target year may shoot championship events FREE. However they must pay the \$8.00 daily fee and cannot play money options.

Looking forward to seeing you at Bostic.

Marty Hill NCTA president

SHOOTER CLASSIFICATION AND ENTRY

1. Shooters are required to have their 16 yd. and doubles averages computed and shown on their ATA average card prior to classification.
2. Shooters must take their average card to the classification desk prior to any other entry activities.
3. The Delegate, Alternate Delegate or any NCTA Director at the desk will review the ATA card and classify the shooter according to ATA rules. The shooter must be sure the classifications and handicap yardage are correct and clearly marked on their ATA card before leaving the desk. The shooter is subject to penalties for shooting in the wrong class or in the wrong yardage, even if it is marked incorrectly on their ATA card.
4. Classification will be done by using purified averages.
5. Shooters who do not have a total of 1000 sixteen yard targets registered in the current or previous year shall be placed in class B or higher at the discretion of the handicap committee.
6. Shooters who do not have at least 500 doubles targets registered in the current and previous year shall be placed in class B or higher at the discretion of the handicap committee.
7. Shooters who do not have a total of 1000 registered handicap targets for the current or previous year will be placed 3 yards farther back than the yardage shown on their ATA card. No shooter with insufficient targets will be placed beyond the 25 yard line. However, participants who fail to meet the handicap qualifications as described above, shall have the choice of shooting targets only from their assigned yardage provided they waive and forfeit all rights to trophies, options, purses and added money. *Handicap target requirements for Sub Jrs and shooters 70 or older are waived for classification.*
8. At the time of entry, shooters in special classifications (Lady 1, Lady 2, Juniors, Sub-Juniors, Junior Gold, Sub Veteran, Veterans and Senior Veterans) shall declare their classification and it is the **SHOOTER'S RESPONSIBILITY** to check their classification at cashiering.
9. At the time of entry, shooters in special classifications shall declare their classification and have their entry cards so marked.
10. Entries must be paid by cash, credit card, or check in US funds. No counter checks or second party checks will be accepted.
11. Refund Policy: Target and option money will be refunded prior to event starting. Only target fees will be refunded after an event starts. We encourage you to pay for all events at one time.
12. For purposes of the parent/child trophy, a child will be defined as a junior or sub-junior shooter (under 18 years of age).
13. North Carolina Juniors and Sub-Juniors can shoot the Championship Singles FREE, with 1000 target requirements, plus daily fees and plays no options on the event. NC Junior and Sub-Juniors can shoot the Championship Doubles and Handicap for free if he/she has registered 500 targets in doubles or 700 handicaps. Shooter must pay daily ATA and NCTA fees. All other Juniors and Sub Juniors shoot for full price.
14. There will be no automatic class bump ups Wednesday or Thursday. Winners and ties will be looked at individually and then a decision will be made, as to whether to bump or not. Friday goes back to automatic class bump ups for winners and ties.
15. Presquadding is available by going to sosclays.com. Presquadding is encouraged for all shooters. Shooters that presquad will be classified by their averages on ATA website. Category shooters should email mhill76@aol.com with their category declaration. This should allow those that presquad to bypass classification and squadding desks.
